David Schnerch, PE, Ph.D - *Treasurer*

Aaron Ford, PE - *Secretary*

Structural Engineering Student Scholarship 2021

SEAMASS is pleased to announce that we will award one scholarship in the amount of \$1,500 to one candidate, in September 2021, who is a college student (at an ABET accredited university) completing Junior, Senior, or Graduate level courses in a Civil or Architectural Engineering program with a focus on Structural Engineering.

Interested candidates shall provide a brief essay of 500 to 1,500 words in response to these questions:

1. What compelled you to study Structural Engineering?
2. How do you see yourself contributing to the Structural Engineering field following graduation?

Candidates' essays will be reviewed by the SEAMASS Scholarship Committee, who may decide to interview one or more candidates prior to making a final decision.

The submission deadline is 5:00 p.m. on Monday, August 30th. Candidates must email their completed essays, or any questions, to SEAMASS at secretary@seamass.org.

Interviews, if scheduled, will be conducted via Zoom virtual conference in early September. The scholarship winner will be announced in mid to late September.

ABOUT the Structural Engineers Association of Massachusetts:

The Structural Engineers Association of Massachusetts (SEAMASS) is a non-profit, member-driven organization that pursues the common interests of practicing structural engineers and others sharing an interest in the activities of structural engineers. Our mission is to advance the structural engineering profession and serve our members through consistent communication, recognition, and education opportunities.
